VisionPod
Podium screen

Description

GlidePod is a flexible LED display podium delivering stunning HD visuals that enhance presentations with strong visual impact. Its modular design supports customizable sizes to fit various venues and layouts. Built with a sleek black powder-coated steel frame, it combines modern aesthetics with durability, serving as a striking focal point even when standalone. The plug-and-play system enables quick setup, supporting laptop control and full system integration. Multiple input interfaces accommodate diverse content formats. Ideal for corporate meetings, showrooms, product launches, multimedia classrooms, and training spaces, GlidePod ensures professional and effective presentations.

Super High Definition
P0.9/P1.2/P1.5/P1.875/P2/P2.5/P3/P4

Magnetic Suction Installation
Magnet suitable adjustment to ensure flatness

Flat Cable
Convenient installation, also can prevent row needles wrecking in the transport process.

320mm

160mm

Good Flexibility
Flexible structure can be bent to different degrees

Easy Maintenance
with suction tool, front maintenance becomes very quick and easy.

Flight case
Packed in a flight box, it is impact-resistant, waterproof and insulating to ensure the safety of the product during transportation.

Easy Control
Effortlessly control the display via computers, mobile phones, or iPads.

Supports USB, HDMI, Wi-Fi for local control, and optional 4G transmission for remote access.

USB

APP+WiFi/4G

PC+HDMI/4G/Ethernet

Plug and Play
No need for special installation, just plug in and use

Application:
Suitable for corporate meetings, showrooms, product launches, multimedia classrooms, and training spaces.
