

# RollUp LED Screen

LED Rolling Gate Display with Tubular Motor:  
The Ideal Concealed Screen Solution!

Transform Your Space with Seamless Integration!

The LED Rolling Gate Display, powered by a tubular motor or roll gate motor, can automatically roll up like a rolling gate, making it perfect for spaces where the screen needs to be hidden when not in use. It's an ideal solution for meeting rooms, university auditoriums, stage backgrounds, and movie screens, where the screen needs to be quickly concealed to save space.

## Space-saving:

Perfect for environments with limited space.

## Automatic Roll-Up

Enjoy effortless concealment  
with automatic roll-up  
One-Button Remote Lift

## High protection

Using GOB technology for  
waterproofing, dustproofing,  
and anti-oxidation.

## Multi-Unit Cluster Control

supports multi-unit cluster control, enabling you to control  
multiple LED rolling gate screens simultaneously via a  
single remote.

## Wear-Resistant, Impact-Resistant, High-Strength Structural Screen

The sturdy structure protects the screen from wear and damage, making it an  
ideal choice for high-usage environments.
